### Descrizione

If you want to spend your holidays in this paradise of sweetly rolling hills that have been farmed for thousands of years, we have made one apartment in an old barn. Totally independent, featuring a kitchen, living room with fireplace, bedrooms and bathroom, it's available all year round. You will be in the midst of the countryside and can enjoy a splendid view from the terrace above the vines.

### Altro

The farm covers a total area of 24 hectares, 7 of which are set aside for the family-managed vineyards. The deep clay-limestone earth gives full-bodied and tannin-enriched wines. Ever since we started in 1980, we have aimed at quality by selecting and planting choice Sangiovese clones which produce well-structured wines. The only fertiliser we use is manure; after careful study we have managed to totally eliminate copper as an anti-parasite; we use sulphur against oidium and a blend of clay, vegetable extracts and powdered rock against peronospora. We have been "Bio" certified since 1983.
